so, a way to avoid the copyright bastards might be to remove the "No copyrighted or obscene material." line and let the users moderate the videos themselves. legally, this will probably be better for us, as we'll make the case we can review all videos and tell them if they're concerned they have the tools to do it themselves.... like craigslist on top of the page...

please flag with care : [miscategorized] [prohibited] [spam] [discussion] [best of]

or hotornot under the pictures...
